## EDUCATION

### Front End Engineering — *The Iron Yard*, Austin

FEBRUARY 2016 - MAY 2016

An immersive course covering everything from JavaScript basics to frameworks and various tools useful in building and designing fully functional web pages.

### B.A. in Radio/TV/Film — *University of North Texas*, Denton

DECEMBER 2009

Concentration in video and audio editing.

## EXPERIENCE

### Freelance Video Production/Editing, Austin

JANUARY 2014 - PRESENT

I am a writer, videographer, and editor of independent short films and videos for a number of local clients.

### Crew Manager — *Gwyndow's Window Cleaning*, Austin

AUGUST 2011 - DECEMBER 2015

My responsibilities included collaborating with the company owner to oversee a crew of 5-10 employees on residential jobs of varying size for homeowners across Austin. I ensured a level of service that remains highest in safety standards and satisfaction ratings on Yelp and Angieslist.

### Front Office Supervisor — *Sheraton Hotels*, Austin/Dallas

SEPTEMBER 2006 - APRIL 2013

I delegated workload, ensured safety practices, assisted with scheduling, and established successful deployment of operations standards in a fast-paced guest-focused environment.

## SKILLS

### Web Development —

JavaScript, HTML, CSS, Sass, jQuery, Backbone, React, Postgres/SQL, Express, API's, Node.js, Mocha

### Video Editing —

Final Cut Pro, Adobe Premiere/Audition, Learning Motion Graphics

## PROJECTS

### Weddit —

**[weddit.herokuapp.com](http://weddit.herokuapp.com)**

A wedding planning site, focused on guest experience. My final project for the Iron Yard. Utilizes the following API's: Filestack, Spotify, Google Maps Embed.

### Previous & Current —

**[github.com/willcook4code](https://github.com/willcook4code)**

A collection of works done beginning with those done throughout the Front End course at the Iron Yard, and into continued projects.
